

The Press Release on the Attack in Nigeria

We strongly condemn the savage attack that resulted in the horrible massacre against the Muslim followers of the Ahlulbait (peace be upon them) in Nigeria.

The circumstances and the intensity of the tragedy suggest the suspicious meditated intention of parties who do not care about the stability of the country or about the harmony between the sects of the nation.

We hold the Government of Nigeria fully responsible in investigating the circumstances of the tragedy, bringing the criminals to justice, freeing the innocents, and preventing this from taking place again.

We call the concerned international communities to uphold their responsibility in condemning this crime and pressuring those who caused it.

We ask Almighty Allah to grant the wounded fast recovery, to have His mercy on the souls of the victims and to give patience to their relatives. He is All-Hearing, All-Knowing.
