

- The Meeting of his Eminence with the Delegation of Scholars from Al Azhar

His Eminence, Grand Ayatollah Sayyid al-Hakim, receives a delegation from Al-Azhar, and calls all towards wisdom and cooperation, and the rejection of animosity and takfeer.

His Eminence, the Grand Ayatollah Sayyid Mohammed Saeed al-Hakim (may Allah prolong his life) received in his office, on 29 January 2018 (11 Jamadi al-Ula 1439), a delegation of scholars of Al-Azhar University in Egypt, including teachers of Quranic sciences and the sciences of the holy Hadith.

His Eminence called, during this discussion with the delegation members, all sides towards adorning with wisdom and decency with one another, and the rejection of all manners of enmity and disrespect, which is harming the Muslims, especially in areas that have witnessed conflict, woes and destruction from all sides.

His Eminence warned all against involvement in the bloodshed of Muslims, whether it is through action or speech, emphasising on the acceptance of all sides of the reality that stands, and that each side acknowledges the other, and remains within the boundaries ordained by Allah Almighty in dealing with the other side, observing due respect and consideration, without nullifying them, as humans are most respected in the eyes of God Almighty above all things.
